EDUCATION HISTORY

Secondary School Certificate

Institution: MAHM School And Collage - (2019-2020)

GPA : 3.78 Out GPA5

Student of Computer Science Technology

Institution: Dhaka Mohila Polytechnic Institue - (2020 - Present)

WORK EXPERIENCE

Frontend Web Developer

Work Experience (Student and Course Project Experience)

As a diploma student in the CST department, I enrolled in the Programming Hero course on 29/12/2023, began learning on 24/06/2024, and successfully completed the course, earning a certificate as a frontend developer. Although I have no prior job experience, I am proficient in React.js for frontend development and have independently created websites. My projects have involved backend tasks such as Node.js and MongoDB, although I am still developing full proficiency in these areas.
